6. Warranties and Limitation of Liability

Videojet warrants for a period of 90 calendar days after delivery (for time limited licenses, during the Subscription Period in the event that the Subscription Period is less than 90 calendar days), that the Software will perform substantially in accordance with the accompanying user documentation provided the Software is used under normal operating and maintenance conditions, as directed in the documentation, and in compliance with this Agreement. No warranty is given for trial or pre-release Software. The warranties set forth in this Agreement will not apply if defects arise out of accident, neglect, misuse, failure of utilities, equipment failures, causes beyond Videojet's control, or use other than ordinary use for which the Software is intended. No warranty applies if you breach this license. Any modifications to the Software by any persons other than Videojet will void the warranty described in this Agreement and cause an event of default under this Agreement.

Videojet's sole obligation will be to cause the Software to substantially conform to its documentation (to the extent commercially reasonable and technically possible and on the condition that the error is reproducible) by amending or updating the Software or supplying an alternative version of the product in which it is embedded. In the event that Videojet is unable to bring the Software into compliance with this warranty, within the warranty period You may return the Software to Videojet and You will be entitled to recover, as Your sole and exclusive remedy, the fees paid for that non-complying Software, depreciated in accordance with standard accountancy practices.

Certain third party software may be provided with the Software. ALL DATA, THIRD PARTY SOFTWARE, AND TRIAL AND PRE-RELEASE SOFTWARE ARE PROVIDED ON AN "AS IS" BASIS WITHOUT CONDITION OR WARRANTY OF ANY KIND, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS, EITHER EXPRESS OR IMPLIED. NO OTHER WARRANTIES, REMEDIES, OBLIGATIONS, LIABILITIES, RIGHTS, OR CLAIMS, WHETHER ARISING IN TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE ARE MADE OR GIVEN BY VIDEOJET, INCLUDING WITHOUT LIMITATION, ANY WARRANTY THE SOFTWARE IS ERROR OR BUG FREE. NO WARRANTY, EXPRESS, IMPLIED OR STATUTORY, IS MADE EXCEPT AS SET FORTH IN THIS AGREEMENT. VIDEOJET EXPRESSLY DISCLAIMS (AND YOU ACKNOWLEDGE THAT IT DISCLAIMS) ANY WARRANTY OF TITLE, NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Some jurisdictions do not allow the exclusion of implied warranties, so the above disclaimer may not apply to you. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

IN NO EVENT WILL VIDEOJET BE LIABLE TO YOU FOR ANY INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES INCLUDING WITHOUT LIMITATION, LOSS OF DATA OR PROFITS, WHETHER CLAIMED BY REASON OF BREACH OF WARRANTY OR OTHERWISE, AND WITHOUT REGARD TO THE FORM OF ACTION IN WHICH THAT CLAIM IS MADE. ANY ACTION ARISING AGAINST VIDEOJET MUST BE BROUGHT WITHIN TWELVE (12) MONTHS AFTER THE CAUSE OF ACTION FIRST ACCRUES. THE AGGREGATE TOTAL OF ALL LIABILITIES OF VIDEOJET UNDER THIS AGREEMENT WILL IN ANY CASE BE LIMITED TO THE LICENSE FEES PAID BY YOU FOR THE SOFTWARE. Some jurisdictions do not allow the limitation or exclusion of liability for incidental or consequential damages so the above limitations or exclusions may not apply to You.

7. Infringement and Limitation

In the event of a claim that the Software infringes upon or violates any patent, copyright, trademark, trade secret or other intellectual property right, in a country that has signed the Berne Convention, Videojet will defend or settle at its option and expense that claim, subject to the limitations provided for under this article and article 6 of this Agreement. If the Software, or any part of it, is held to constitute or is alleged to constitute an infringement and the use of that Software is enjoined, Videojet may, at its sole option, (i) obtain the right for You to continue using the Software or (ii) substitute the Software with other non-infringing software with similar functionalities, (iii) modify the Software so that it is no longer infringing while giving continuing to operate as described in its documentation. If those remedies are not commercially reasonable, Videojet may terminate the license for the affected portion of the Software and refund an equitable portion of the price or license fee paid for these items, depreciated in accordance with standard accountancy practices. Videojet will be subject to the foregoing obligations only if Videojet is given prompt written notice of that claim. You will fully cooperate with Videojet in the defense of that claim, if requested by Videojet and at Videojet's expense for Your out of pocket costs. Videojet will have no liability for infringement claims if You are in breach of this Agreement or if the alleged infringement is based on or arises from (i) the modification of the Software by anyone other than Videojet, (ii) use of the Software in a manner that is inconsistent with the documentation, (iii) use of the Software in connection or in combination with the product of a third party if that combination caused the infringement or (iv) use of other than the most current release of the Software. The total liability of Videojet arising out of any infringement claim will in no event exceed the lesser of the fees paid by You to Videojet for the infringing Software item or an amount of \$500,000.00 US. The foregoing states Videojet's entire liability and Your exclusive remedy for any claim of infringement or misappropriation.

8. Export and United States Government Restrictions

You may not export or re-export the Software or Data in violation of any applicable laws or regulations including but not limited to those of the United States of America and the United Kingdom. In addition, if the Software or Data is identified as export controlled items under the export laws of the United States of America or the United Kingdom, You represent and warrant that You are not a citizen, or otherwise located within, an embargoed nation and that You are not otherwise prohibited under applicable export laws from receiving the Software. Moreover if Your acquisition of the Software or Data is subject to the laws of the United States of America, You represent and warrant that You will comply with any specific restrictions and regulations that might be applicable to all contracts or agreements (including but not limited to the reproduction of the "restricted rights" proprietary notices and/or legends) concluded with the United States government or its agents and representatives. All rights to use the Software or Data are granted on the condition that those rights are forfeited if You fail to comply with the terms of this Agreement.

9. Term and Termination

Each license granted hereunder is effective from the earlier of the date provided in an Order Document or date of activation of the Software. Unless earlier terminated by You or Videojet, the license will remain in effect until expiration of the license as set forth below unless another period is provided in an Order Document.

- If the license is granted on a Time Limited license basis, the term of Your license will be the Subscription Period.
- If the license is granted on a trial license basis, the term of Your license is thirty (30) days.
- If the license granted is for a Pre-release Version of the Software, Your right to use the Pre-release Version of the Software expires automatically after a period of twelve weeks.

Your rights under this license will terminate automatically if You fail to cure any breach within thirty (30) days of receipt of written notice. But if the breach is of Article 3 or 4 or an obligation that cannot be remedied, termination will be effective immediately upon notice from Videojet. Videojet may immediately suspend Your use of the Software through technological means or by instructing to cease all use, if You fail to make payments when due. If You lose Your hardware or software security key(s) that are provided with the Software, this Agreement will likewise terminate immediately. Upon the termination of this license, You will cease all use of the Software and return or destroy all copies, full or partial, of the Software, as Videojet instructs You. Videojet may, in its sole discretion, provide replacement Software if the original Software is lost, stolen, or corrupted. You agree to only use the replacement Software or, if found or rendered usable, the original Software. You will not otherwise dispose of the replacement or original Software. Videojet is authorized to delete Your information stored on the System. Videojet is entitled to retain Your information after termination of the agreement for 30 days after the effective termination date.

10. Open Source License Terms

If any part of the Software is subject to any Open Source License Terms, as indicated by separate Open Source License Terms provided with the Software, the use and the license of that part of the Software will be subject to those Open Source License Terms. In the event of any contradiction between the license terms contained in this Agreement and the Open Source License Terms, then with respect to the portions of the Software governed by Open Source License Terms, the applicable Open Source License Terms will prevail.

11. Applicable law and competent jurisdiction

If You acquired the Software in the United States of America, this Agreement will be governed by the laws of the State of Illinois, United States of America, and you will only bring any disputes arising out of this Agreement before the courts of Illinois in DuPage County, and You consent to that venue and agree not to challenge it. Videojet may seek interim or injunctive relief in any court of competent jurisdiction. If You acquired the Software outside of the United States of America, this Agreement is governed by the laws of England. All disputes arising out of or in relation to this software license agreement will be finally settled under the London Court of International Arbitration Rules by one or more arbitrators appointed in accordance with those Rules and as supplemented by this Article 11. The arbitral tribunal will be composed of one or three arbitrators. The seat of the arbitration will be London. The arbitration will be conducted in the English language, unless the parties agree to conduct the arbitration proceedings in another language. The substantially prevailing party will be entitled to its attorney's fees, costs and expenses, and to the arbitrator's fees, paid by it. The arbitration award will be final and binding and the enforcement of the arbitration award will not be challenged under any jurisdiction. Without prejudice to the foregoing, Videojet will be entitled to bring an action against You before the courts of London, England or before the courts of any country where You are established or reside, or any country where an infringement or misappropriation occurs if the action concerns the collection of a pecuniary debt or the protection or enforcement of Videojet's intellectual property rights or in the event You are established or reside in a country which is not a party to the United Nations Convention of 10 June 1958 on the Recognition and Enforcement of Foreign Arbitral Awards. The English version of this Agreement will prevail over any version translated into another language. This Agreement will not be governed by the conflict of law rules of any jurisdiction or by the United Nations Convention on contracts for the International Sale of Goods, the application of which are explicitly excluded.
